

Are You Ready to Migrate Your Mission Critical Retail Management Software?

HP has announced discontinuation of support for the HP3000.

Ecometry is attempting to migrate its customers to new platforms.

Is this the best choice for you?

If you are considering alternatives to Ecometry and their platform migration plans, now is the time to take a look at CommercialWare's leading cross-channel retail management solutions. CommercialWare offers the stability you can trust to keep your retail business operating at 100%.

Join us for a Webinar on April 15, 2004 , 2 pm (EST)

to learn more about CommercialWare's cross-channel retail management solutions and how we can help you migrate from Ecometry and the HP3000 to the leading retail management platform.

Webinar

Cross-Channel Retail Management Solutions: Considerations for Migrating from the HP3000.

April 14, 2004, 2 pm (est)

Register at <http://www.commercialware.com/webinar> or contact Marya at

 508-652-9517 

All attendees will receive a \$25 Gift Certificate to Harold's Fine Clothing Stores and will be entered into a drawing for a \$200 Gift Certificate to the U.S. Mint (both former Ecometry customers).

Looking for a Migration Partner You Can Trust? Look no further.

A Trusted Relationship

CommercialWare has a 29 year history with small and large businesses, including leading cross-channel retailers and direct marketers such as Abercrombie and Fitch, Starbucks, Partyland, Chico's, J.Jill, Ritz Camera, JoS A. Bank, and Patagonia. We offer a relationship you can trust.

Customer Satisfaction

CommercialWare has built its reputation on a world class client services, support, and development organization that will keep your cross-channel retail operations running at full speed, 24 x 7 x 365.

Technology Stability

CommercialWare's solutions are built on a flexible, scalable and reliable architecture based on IBM's most interoperable platform. CommercialWare has demonstrated expertise in migrating HP3000 users to this rock solid platform - time and time again.
